1. About the ANZ Staff Super Partner Section

ANZ Staff Super is a corporate superannuation fund for current and former employees of ANZ and its associated companies. The trustee of ANZ Staff Super and issuer of this product is ANZ Staff Superannuation (Australia) Pty Limited (the "Trustee").

As the partner of an ANZ employee who is an Employee Section or Employee Section C member or a Personal Section member who is a former ANZ employee (the "employee-member") you may be eligible to open a Partner Section Account.

To qualify as an eligible spouse* you must be the husband, wife or de facto partner of the employee-member of ANZ Staff Super, and residing together on a genuine domestic basis as a couple.

As long as these eligibility criteria are met, you are considered an eligible spouse and can apply to be a Partner Section member. Partner Section members are obliged to notify the Trustee if, at any time in the future, they cease to be an eligible spouse.

ANZ Staff Super also offers the:

- Personal Section, which enables you to leave your benefit invested in ANZ Staff Super if you are no longer eligible to be a Partner Section member
- Retirement Section, which allows you to convert your benefit to a pension when you retire.

Product Disclosure Statements for the Personal and Retirement Sections are available on our website anzstaffsuper.com or by contacting ANZ Staff Super. You should consider the relevant Product Disclosure Statement before making a decision whether to invest in these products.

Overall ANZ Staff Super has around 30,000 members and manages around \$6 billion for its members.

* *The definition of an eligible spouse is established in superannuation law and is not based on any criteria determined by ANZ or the Trustee.*

MySuper

Under superannuation legislation, members are classified as either MySuper or Choice members. The key driver for determining if you'll be classified as a MySuper or Choice member is whether your account is 100% invested in the Balanced Growth investment option or you have chosen to invest some or all of your account in another investment option.

ANZ Staff Super has four investment options you can choose from, as detailed in "How we invest your money" on page 4. If you do not make an investment choice when you join, your account will be invested in the Balanced Growth option and you will be classified as a MySuper member.

It generally doesn't make any difference whether you are classified as a MySuper or Choice member in the Partner Section, because:

- If you are classified as a MySuper member, you can opt to switch your investment choice to another one of the options offered by ANZ Staff Super or combination. If you are a MySuper member and you choose to change your investment choice, you will then be classified as a Choice member.
- The fees and costs applying for each investment option are the same.
- Other than for certain Partner Section members, the insurance arrangements for the Partner Section (including the cover options and premium rates) are the same.
- The account management fee applying to your account in the Partner Section is the same.

Regardless of how your account is invested, you can choose to opt out of being classified as a MySuper member at any time.

Our website includes a range of articles and educational material, including product dashboards, certain details about the Trustee (including the Trustee and executive officer remuneration disclosure information) and documents relating to ANZ Staff Super. For the product dashboard, go to anzstaffsuper.com > Product Dashboard, and for the Trustee details and Scheme documents go to anzstaffsuper.com > Trustee information.

2. How super works

Superannuation is a partly compulsory means of saving for your retirement over the long term. Tax savings are provided by the Government through concessional tax rates which apply to super contributions and investment earnings to provide an incentive to save for your retirement.

Contributions

Different types of contributions can be paid to your account in ANZ Staff Super. The types of contributions that ANZ Staff Super can accept by or in respect of you depend on your age and employment status. By law, the initial contribution to establish your account needs to be made by the employee-member. When your account has been established, the following contributions may be made to your account:

Employer contributions

All Australian employers are required to provide a minimum level of superannuation support for their employees under the Superannuation Guarantee (SG) legislation.

Your employer may pay contributions to ANZ Staff Super on your behalf.

Regular contributions from the current ANZ employee's after-tax salary via payroll deduction

If your partner is a current ANZ employee, he or she can make regular contributions to your account from his or her after-tax pay via payroll deduction. He or she can also make lump sum contributions for you from his or her after-tax salary.

Other voluntary contributions

Making additional contributions to your super may be an effective way to increase your retirement savings. You can make additional contributions from your post-tax salary or your pre-tax salary (by salary sacrifice). Payment of contributions for you from your pre-tax salary is subject to the agreement of your employer.

Co-contributions

If you make voluntary post-tax contributions and meet certain eligibility conditions, the Government may make co-contributions to your account.

Contribution limits

There are limits on contributions to super which can be made by or in respect of you without incurring additional tax. Limits apply to:

- concessional (pre-tax) contributions, which include SG contributions and voluntary pre-tax contributions; and

- non-concessional (post-tax) contributions.

More information about these limits is outlined in "How super is taxed" on page 6.

Transfers from other super funds

If you have super savings in other funds, you may want to consider transferring these accounts into ANZ Staff Super. This may offer advantages such as saving on investment management and administration fees. You can make an online request to have your other super rolled in through the **Find and combine** page in secure section of our website **anzstaffsuper.com**. A *Rollover form* is available at **anzstaffsuper.com** > Forms or by calling us on **1800 000 086**.

Choice of Fund

Under Choice of Fund law, employers are required to offer employees the choice of fund their SG contributions are paid into.

You may be able to elect to have future contributions from your employer paid into your account in the Partner Section by completing a *Standard Choice Form* and nominating ANZ Staff Super as your chosen fund. Our compliance confirmation and contribution payment instructions are available on our website **anzstaffsuper.com** - see the *Choice of fund election form* - or by calling us on **1800 000 086**.

Restrictions on withdrawal

Superannuation is a long term investment. Restrictions apply to when you can access certain components of your super. In general, you cannot have your preserved benefit paid to you until you reach age 65 if you have never been in paid employment or when you reach your preservation age and have retired. Your preservation age depends on your date of birth. Your preservation age will be 55 if you were born before 1 July 1960 and gradually increases to 60 if you were born on or after 1 July 1964. There are some special circumstances when you can access your benefit earlier.

The section called "How super works" in the Partner Section in Detail booklet explains in more detail the types of contributions that can be paid to ANZ Staff Super, how to make additional contributions and accessing your benefit from ANZ Staff Super.

You should read the important information about "How super works" before making a decision. Go to **anzstaffsuper.com** > PDS and Guides > Partner Section in Detail. The material relating to "How super works" may change between the time when you read this Statement and the day when you acquire the product.

3. Benefits of investing with the ANZ Staff Super Partner Section

On joining ANZ Staff Super, you become part of a large, diversified and well-managed superannuation fund providing a sound investment for your future financial security.

As a member of the Partner Section, ANZ Staff Super offers you:

- competitive account management fees
- a range of investment options with competitive investment management costs
- the option to apply for death or death and Total and Permanent Disablement cover (subject to underwriting)
- secure access to your account details via our website **anzstaffsuper.com**
- member representation on the Trustee Board
- access to other products such as the account based pension through which you can access a pension if you are retiring. You should consider the Product Disclosure Statement for the Retirement Section before making a decision whether to invest in this product

How your account works

Your account in ANZ Staff Super is recorded as unit holdings in one or a combination of the investment options. When contributions and roll ins are paid to your account, they "buy" more units. Conversely, when withdrawals and other deductions such as account management fees, insurance premiums and tax are processed, some of your units are sold. The dollar value of your account is worked out by multiplying the number of units you hold by the current unit price for the relevant investment options.

The investment returns applied to your account are based on the movements in the unit price(s) of the investment option(s) you hold and will vary from year to year. These investment returns may be positive or negative.

3. Benefits of investing with the ANZ Staff Super Partner Section (continued)

Your benefits

Once you satisfy what's known as a 'condition of release', you will be entitled to your account balance plus any insured benefit which may be payable.

The section called "Benefits of investing with ANZ Staff Super – Partner Section" in the Partner Section in Detail booklet explains in more detail the benefits payable from ANZ Staff Super and how you may nominate your beneficiaries.

You should read the important information about "Benefits of investing with the ANZ Staff Super – Partner Section" before making a decision. Go to anzstaffsuper.com > PDS and Guides > Partner Section in Detail. The material relating to "Benefits of investing with the ANZ Staff Super – Partner Section" may change between the time when you read this Statement and the day when you acquire the product.

4. Risks of super

All investments carry some risk. Different investment options may carry different levels of risk depending on the asset allocation of the relevant investment options. Investing in assets with the highest long-term returns may also carry the highest level of short-term risk. The value of individual investments and the investment option(s) you choose will vary. The level of investment returns will vary over time and may go up or down. Future investment returns may differ from past returns. Investment returns are not guaranteed and you may lose some of your superannuation savings.

You should also bear in mind that:

- superannuation and tax laws may change in the future and such changes may affect your superannuation;
- the amount of your future superannuation savings (including contributions and investment returns) may not be enough to provide adequately for your retirement needs; and
- the level of risk you face will vary depending on a range of factors, including your age, your investment timeframes your risk tolerance and where other parts of your wealth are invested.

The significant risks of investing in ANZ Staff Super include the risks associated with inflation, the performance of individual investments, uncertain markets, changes to interest rates, movements in exchange rates, the use of derivatives and changes to super and tax law.

The section called "Risks of super" in the Partner Section in Detail booklet explains in more detail the types of risk that may impact your superannuation.

You should read the important information about "Risks of super" before making a decision. Go to anzstaffsuper.com > PDS and Guides > Partner Section in Detail. The material relating to "Risks of super" may change between the time when you read this Statement and the day when you acquire the product.

5. How we invest your money

ANZ Staff Super provides four investment options with different asset allocations selected by the Trustee. Each investment option has a different risk and return profile so you can choose an investment option or mix of investment options that suits your needs and circumstances.

As a Partner Section member, you can choose where you want your account invested by selecting one, or a combination of, the following options:

- Aggressive Growth
- Balanced Growth (MySuper product)
- Cautious
- Cash.

You can select a different investment strategy for your existing account balance and your future cash flows such as contributions, rollins and account management fees.

From time to time, the investment options offered by ANZ Staff Super may change. The Trustee will notify members in advance in the event that the options offered change.

If you don't make a choice

If you do not choose an investment option for your super, your account will be invested in the Balanced Growth investment option (the default investment option) which is described opposite and you will be classified as a MySuper member.

If you choose to invest all or part of your account in any of the other investment options, you will be classified as a Choice member.

Being classified as a MySuper or Choice member is a legislative requirement.

Switching between investment options

You may request a switch of investment options weekly. Switch requests can be lodged by electronic request via our website anzstaffsuper.com or by using the *Changing your investment options* form available from ANZ Staff Super. Requests received on or before 5 pm Thursday are processed on the following Wednesday. Requests received after 5pm Thursday will be processed on the Wednesday after next. This schedule is adjusted if public holidays delay the issuing of unit prices. Any investment switch will take effect from the date the switch is processed.

You should consider the likely investment return, risk and your investment timeframe when choosing an option in which to invest.

5. How we invest your money (continued)

The section called “How we invest your money” in the Partner Section in Detail booklet explains investment options and investment approach in more detail. This information includes details about the asset classes used, the other investment options, making a choice, switching options, and the extent to which labour standards, or environmental, socially responsible or ethical considerations are taken into account in the selection, retention or realisation of ANZ Staff Super’s investments.

6. Fees and costs

Did you know

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000). You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You or your employer, as applicable, may be able to negotiate to pay lower administration fees. Ask the fund or your financial adviser.

Find out more

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** website (moneysmart.gov.au) has a superannuation fee calculator to help you check out different fee options.

6. Fees and costs (continued)

Fees and costs summary for the Balanced Growth investment option (MySuper product)

The table below provides a summary of the main fees and costs for the Balanced Growth investment option (MySuper product) as set out below. 1 If your account balance for a product offered by ANZ Staff Super is less than \$6,000 at the end of our income year, certain fees and costs charged to you in relation to administration and investment are capped at 3% of the account balance. Any amount charged in excess of that cap must be refunded. ANZ Staff Super's income year ends on 31 December.

2 A rebate of 0.03% p.a. of your account balance up to \$500,000 will be applied for 2024, meaning the net account management fee for 2024 will be 0.16% p.a.

3 Investment fees and costs include amounts of 0.00% to 0.014% for performance fees.

4 Investment fees and costs are estimates. Actual costs vary from year to year. The investment fees and costs for 2023 were 0.015% to 0.464% p.a. depending on the investment option. The investment fees and costs are based on the investment fees and costs for the year ended 31 December 2023 except that amounts related to performance fees are based on the average performance fees for the 5 years ended 31 December 2023. (If an investment has not existed or did not provision for performance fees for the last 5 years – performance fees are based on the average for the period since the option has existed and provided for performance fees). The actual amount you will be charged in subsequent years will depend on the actual investment fees and costs incurred for the relevant period. The investment fees and costs are deducted from investment earnings before the unit price is declared. The amount is not negotiable.

5 Additional fees may apply. For details, refer to the "Fees and costs" section of the Partner Section in Detail booklet available from our website anzstaffsuper.com.

For definitions of the above fees, refer to the "Glossary" section of the Partner Section in Detail booklet available from our website anzstaffsuper.com.

The Trustee has the right to increase the amount of fees without member consent. If we increase our fees, we will notify you no later than 30 days before the change occurs.

You can use the superannuation fee calculator on ASIC's Money Smart website www.moneysmart.gov.au to calculate the effect of fees and costs on account balances.

7. How super is taxed

Tax on contributions

Concessional contributions includes all contributions made from your before-tax earnings, including SG contributions paid by your employer and any voluntary salary sacrifice contributions. Concessional contributions are subject to 15% contributions tax which is deducted from your account when the contributions are received.

If your income (including concessional contributions) exceeds \$250,000 per annum, you may pay 30% contributions tax (rather than 15%) on some or all of your concessional contributions. This additional tax will not apply to contributions that are subject to excess contributions tax.

Concessional contributions are subject to a limit or cap. The limit for the 2023/24 tax year is \$27,500 and the limit for the 2024/25 tax year is \$30,000.

Any concessional contributions in excess of your limit will be included in your assessable income and taxed at your marginal tax rate and for excess concessional contributions received prior to 1 July 2021, you will be required to pay an excess concessional contributions charge*. A non-refundable tax offset of 15% of your excess concessional contributions will apply to compensate you for the 15% contributions tax already paid on your concessional contributions. You will be entitled to elect to have up to 85% of your excess concessional contributions released from your superannuation.

* This charge is calculated by the Australian Taxation Office (ATO) and is intended to ensure that individuals who make excess concessional contributions do not receive tax deferral advantages over those who do not exceed their concessional contribution limit.

Excess concessional contributions are also counted towards your non-concessional contribution limit.

The amount of excess concessional contributions counted towards your non-concessional contribution limit will be reduced by any excess concessional contributions released from your superannuation.

Non-concessional contributions are those paid from after-tax monies. These contributions are not taxed unless they exceed the limit. If you claim a tax deduction for these contributions, they will be treated as concessional contributions.

The non-concessional contribution limit is \$110,000 per annum for the 2023/24 tax year and \$120,000 per annum for the 2024/25 tax year. Your limit may vary if you can use the “bring forward” arrangements or if your total super balance exceeds \$1.9 million. If you are under age 75, you can “bring forward” up to two years of non-concessional contributions, but your limit for the subsequent two financial years will be reduced. Based on a limit of \$120,000, this means you can make an after-tax contribution of up to \$360,000 in one financial year provided you do not make any non-concessional contributions for the next two financial years. However, if you have over \$1.66 million in super, you’ll only be able to bring forward contributions up to the amount which would take your balance to \$1.9 million.

If your total super balance is \$1.9 million or more, you will not be eligible to make non-concessional contributions. Amounts over the non-concessional contribution limit will be taxed at 45% plus the Medicare levy. Individuals have the option of withdrawing superannuation contributions in excess of the non-concessional contribution limit and any associated earnings, with these earnings being taxed at the individual’s marginal tax rate.

The contribution limits can change due to indexing. To check the current limits or obtain further information, visit the Australian Taxation Office (ATO) website ato.gov.au.

If you exceed the concessional or non-concessional contribution limits, you may have to pay additional tax.

Tax on investment earnings

Investment earnings are subject to a tax rate of up to 15%. Tax deductions, credits and rebates may apply and reduce the effective tax rate on investment earnings. The investment returns on your account are net of investment management costs and any tax on investment earnings. This tax is deducted as part of the calculation of the unit prices.

Tax on withdrawals

If you are age 60 or over, benefits are generally tax free when paid to you from a taxed superannuation fund like ANZ Staff Super.

If you are under age 60, tax is payable on any benefit paid to you in cash. The amount of tax payable depends on a range of factors, including your age, the reason your benefit is being paid and the composition of your benefit. This tax will be deducted from your benefit before it is paid to you.

Tax on rollovers

Generally no tax is payable on a benefit when you roll it over to another superannuation fund.

The section called “How super is taxed” in the Partner Section in Detail booklet explains in more detail how taxes apply to your superannuation.

You should provide your Tax File Number (TFN) to ANZ Staff Super if we don’t have it recorded.

If ANZ Staff Super does not have your TFN:

- your concessional (pre-tax) contributions will be taxed at the highest marginal tax rate plus the Medicare levy;
- ANZ Staff Super will not be able to accept any non-concessional (post-tax) contributions for you;
- the taxable component of any benefit payments may be taxed at a higher rate; and
- you may miss out on receiving Government co-contributions.

You can check whether ANZ Staff Super has your

TFN on your latest annual benefit statement or by signing into anzstaffsuper.com or calling us on **1800 000 086**. You can provide your TFN by completing a Providing your Tax File Number form available on our website.

You can cancel your cover by notifying ANZ Staff Super in writing. The cancellation of your cover will be effective from the date your cancellation is processed. If you reduce or cancel your cover, the cost of your cover will be reduced from the date the change is effective and reflected when the cost is next deducted from your account.

Cost of Partner Section death cover

The cost of your death cover is deducted from your account monthly or on leaving the Partner Section. The standard annual premiums for Partner Section death cover currently range from \$0.49 to \$8.48 per \$1,000 cover. The premium you actually pay will depend on your age and the level of cover you have. For 2024, a rebate of 45% will apply to the cost of your death cover.

For example, if you were age 40 with \$150,000 of cover, your net cost would be \$75.90 per annum (i.e. \$138.00 per annum less 45% rebate). The cost of death cover and rebate may change in the future. There are exclusions, conditions and events that may affect your death cover.

Cost of Partner Section TPD cover

The cost of your TPD cover (if any) is deducted from your account monthly or on leaving the Partner Section unless you cancel your TPD cover. The standard annual premiums for Partner Section TPD cover currently range from \$0.60 to \$6.32 per \$1,000 of cover. The premium you actually pay will depend on your age and the level of cover you have. For 2024, a rebate of 45% will apply to the standard cost of your TPD cover. For example, if you were age 40 with \$150,000 of cover, your net cost would be \$57.75 per annum (i.e. \$105.00 per annum less 45% rebate). The cost of TPD cover and rebate may change in the future.

There are exclusions, conditions and events that may affect your TPD cover.

If you have both death and TPD cover, the overall cost will be the sum of the cost of your death cover and the cost of your TPD cover.

Any insurance cover you have will be cancelled if we have not received any contributions and/or rollovers to your account for a continuous period of 16 months and you have not elected to maintain your insurance cover.

The cost of insurance cover will cease to accrue when your insurance cover is cancelled. Premiums accrued prior to your cover being cancelled will be deducted from your account at the end of the month or on earlier exit.

Please see the “Insurance in your super” section of the Partner Section in Detail booklet for more information and how to maintain your cover.

The section called “Insurance in your super” in the Partner Section in Detail booklet explains in more detail eligibility for cover, cover available, relevant definitions, cessation or suspension of cover, and other conditions and exclusions applying to the cover or insurance.

This information may affect your entitlement to cover or insurance. You should read this information before deciding whether this cover or insurance is appropriate for you.

You should read the important information about “Insurance in your super” before making a decision. Go to anzstaffsuper.com > PDS and Guides > Partner Section in Detail. - apply to transfer monies from other super funds
- advise whether you'd like to apply for death or death and Total and Permanent Disablement cover

You may also roll in any superannuation benefit held in your name in another superannuation fund. The initial contribution plus any benefits rolled in need to be at least \$1,500, which is the minimum investment required to establish an account in the Partner Section.

Step 2 – Choose your investment options

Take control of how your super is invested

You can choose one or a combination of four investment options. Please ensure the total adds to 100% otherwise the default investment option will apply until it's corrected by you. If you don't make a selection you'll automatically be invested in the Balanced Growth investment option (the default investment option) and you will be classified as a MySuper member.

I wish to have my initial investment allocated between the following investment options:

	Percentage to be invested			
Aggressive Growth	<input type="text"/>	<input type="text"/>	<input type="text"/>	%
Balanced Growth	<input type="text"/>	<input type="text"/>	<input type="text"/>	%
Cautious	<input type="text"/>	<input type="text"/>	<input type="text"/>	%
Cash	<input type="text"/>	<input type="text"/>	<input type="text"/>	%
TOTAL	1	0	0	%

I wish for any on-going contributions to be invested:

in the same option(s) as indicated above;

OR

	Percentage to be invested			
Aggressive Growth	<input type="text"/>	<input type="text"/>	<input type="text"/>	%
Balanced Growth	<input type="text"/>	<input type="text"/>	<input type="text"/>	%
Cautious	<input type="text"/>	<input type="text"/>	<input type="text"/>	%
Cash	<input type="text"/>	<input type="text"/>	<input type="text"/>	%
TOTAL	1	0	0	%

Note: The investment choice(s) (other than Balanced Growth) you choose using this form will become effective from the date this form is processed by ANZ Staff Super. Until this choice is processed, your super will be invested in the Balanced Growth option which is the default option.

Step 3 – Would you like to apply for insurance cover?

I am interested in applying for death cover or death and TPD cover. Refer to the Partner Section Section (Spouse Contribution Section) in Detail booklet for details of the cover and the applicable premiums. I intend to apply for \$ of death or death and TPD cover.

I do not wish to apply for death or death and TPD cover.

Please note:

1. If you indicate that you'd like to apply for cover, when we receive your completed Partner Section application form, we will send you the relevant Application for or to change Personal or Partner Section insurance cover form (including the Insurer's Personal Statement) to complete.

Please return your completed application (including the Personal Statement) to:

ANZ Staff Super
GPO Box 4303
Melbourne Vic 3001

2. Your application for cover will not be effective until the Insurer has accepted your application.
3. The cost of your death and TPD cover or death only

Step 4 – Nominate your beneficiaries

Please read the information in the Product Disclosure Statement before completing this section of the Application for membership which allows you to nominate how you would prefer your benefit to be paid in the event of your death.

You can only make a non-binding nomination on this form. Once your membership of the Partner Section is confirmed you can make a binding nomination by completing the *Nominating your beneficiaries* form which you may download from ANZ Staff Super's website anzstaffsuper.com or call ANZ Staff Super on **1800 000 086** to request a form.

Step 4 – Nominate your beneficiaries (continued)

- * Please provide the contact address and date of birth for each of your nominees to assist us to contact them in the event of your death.
- ** The persons you nominate must be your 'Dependant' or legal personal representative (that is, the executor or administrator of your estate).

'Dependant' is defined as:

- your spouse – whether by marriage, a de facto relationship (including same-sex partners) or a registered relationship under a law of State or Territory (including same-sex partners);
- your children including step-children, adopted children and your spouse's children;
- any other person who the Trustee considers is wholly or partially dependent on you at the time of death; or
- any person you have an interdependency relationship with. Two people (whether or not related by family) have an interdependency relationship if:
 1. they have a close personal relationship;
 2. they live together; and
 3. one or each of them provides the other with financial support; and
 4. one or each of them provides the other with domestic support and personal care.

An interdependency relationship will also exist between two people if they have a close personal relationship but do not meet the other criteria as listed above (2, 3 & 4) because either or both of them suffer from a physical, intellectual or psychiatric disability.

Any amounts paid to your legal personal representative would be distributed according to your Will, or if you don't have a Will, according to the laws of the State in which you resided at the date of your death.

By signing below I declare that I have read this section and understand that:

- the nominations I have made on this form are not binding on the Trustee and the Trustee is not obliged to pay a death benefit to the dependant(s) I nominate
- the Trustee cannot consider a nomination unless it is in favour of my spouse, my children, a person who is financially dependent on me and/or a person who is my dependant under superannuation law
- if a nominated beneficiary does not survive me, his/her share of the benefit may be paid, at the discretion of the Trustee, to my estate or to my other dependants.
- I consent to my information being collected, disclosed and used in the manner set out in this form.

Step 5 – Provide your tax file number

Don't pay more tax than you have to – let us know your Tax File Number.

Your Tax File Number is confidential and you don't have to give it to ANZ Staff Super. It is not an offence to not provide your Tax File Number. However, you may pay more tax than you have to if you don't supply it.

My Tax File Number is: - -

Special note: The Trustee is required by law to ask for your Tax File Number. By providing your Tax File Number, you're allowing the Trustee to use it to:

- find or identify your super when there's no other way
- work out any tax payable
- pass your Tax File Number to the Australian Taxation Office when you receive your super payout or have unclaimed super money after reaching pension age or if otherwise required
- pass your Tax File Number to any other super fund or account to which your super is transferred in the future, unless you tell the Trustee in writing not to do so
- report details of contributions to the Australian Tax Office for working out whether any tax is applicable if contributions for you exceed certain limits, and
- where required by law, pass your Tax File Number to other government agencies.

If you don't provide your Tax File Number now or later:

- you may pay more tax on contributions made by your employer and certain other contributions made by or for you. In some circumstances, you may be able to claim this back, but time limits and other rules may apply
- the Trustee will only be able to accept contributions made for you by your employer. No other contributions, for example, non-concessional (after-tax) contributions, can be accepted

Step 5 – Provide your tax file number (continued)

- you may pay more tax on your super benefit that you would otherwise (although you can claim this back when you lodge your tax return), and
- it may be more difficult to find your super in the future if you change your address without notifying the Trustee or if you rollover any other super accounts you may have.

The legal purposes for which the Trustee can use your Tax File Number and the consequences for not quoting your Tax File Number may change in the future.
